THE EVERLASTING BEAUTY OF DURAZZO POOL FINISHES ENHANCE EVERY POOLSCAPE

DURAZZO pool finishes utilize the natural beauty of premium marble aggregates and our exclusive non-fading colored quartz to create an exceptionally smooth finish that transforms your pool into an elegant display of natural beauty!

As a superior pool finish, Durazzo outperforms traditional pool plasters over time and in harsh chemical environments. The durable finishes resist the spot etching, staining and discoloration which quickly destroys the average pool surfaces, marring their original beauty.

DURAZZO finishes use premium marble aggregates, creating a smoother surface than pebble finishes.

Your pool can become an extension of your dreams. Durazzo is available in a range of color designs that are factory blended to perfection. And if so inclined, you can even custom blend our premium finish to invent an exquisite poolscape that truly creates an original statement.

Ask your pool representative for a complete presentation of our product line.

Safety Zone

When safety is paramount you will feel secure knowing Durazzo is a slip resistant, gentle finish that is safe for feet and swimsuits.

Advantages

Pre-blended/ready to use, comfortable, smooth, variety of colors, reduces maintenance, and ease of application

Specifications

Complete three-part master specifications are available for Durazzo installations.

Contact your pool representative for more information and details.

Warranty

You can rest assured that the highest quality products have been used and are supported by the best warranty program in the industry.

It is a sign of our commitment to achieve the highest quality standards in all our swimming pool and spa finishes.

Register your warranty online at www.sgm.cc/pool_warranties.

Sample colors are as accurate as modern printing can produce and are shown at a smaller scale. The color of your pool may vary due to water depth, lighting conditions at job-site, mixing and installation methods. Sample colors are shown wet.
